Before assembly study the final scene and keep in mind- It will help in Assembly

## Assembly Instruction

Fig - 1

Fig - 2

Fig - 3
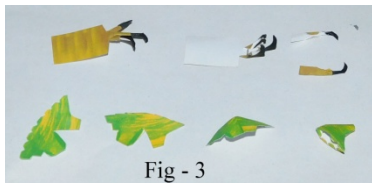

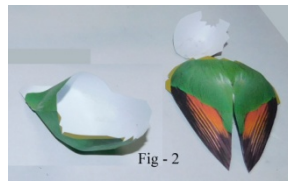

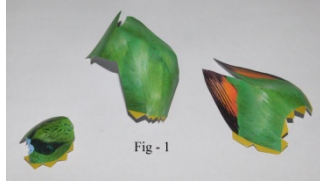

1) Complete inner tabs of 'W', 'C'(take care to join '1' with '1'), 'B' & 'H' (Fig -1). (If you wish, you may take extra eyes and make a small cut through black line and join to give a raised view. Paste it over eyes of piece 'H').

2) Now Glue and join back to back 'W' with 'W1' and 'T' with 'T1'.

3) Now fix Beak ('B') with Head ('H'). Fix 'W' with 'C' through the point '2' & '3'.

4) Fix Head with completed body and insert the Tail ('T') at appropriate place (Fig 4)

5) Now complete 'K' , 'N' & 'M' (Fig -3)

Assembly Instruction for complete scene

Fig - 8

(if you can print back to back then print 'Leaf Back-1 ' on back of 'Leaf Front' with pieces of 'Leaf front'.)

otherwise cut and glue 'Leaf Back' pieces

6) Take 4 wooden stick (like toothpick) of size approx 15 cm and wrap some rough paper (Fig -8) to make legs.

7) Make two small holes on each bird. After applying some glue at the end of stick, insert these wooden stick through the Leg Support ('K') in both the birds (Fig-4).

8) **Making Stand:-** Join 'P1' with 'P2' and glue 'G2' & 'G3' in the inner side of this (Fig – 5).

9) Fix 'G1' at bottom and make tree branches as per your imagination and fix with Pot (reference Fig – 6). Fix 'Leaves' as per your choice.

10) Make two small holes each in tree branches for both the birds and insert the wooden stick (completed in Fig-4) through these holes. Cut out any extra length of wooden stick. Now take it out and apply some glue on end of wooden stick and fix the birds (Fig- 7).

11) Fix completed 'N' & 'M' on legs (Fig – 9) to complete the claws.

There are some extra pieces, which you may require (in case)
